

Stefan van de Sande

OUTSIDER TOUR 2022-2023

Troubadour and songwriter Stefan van de Sande (NL) is back on tour!

Stefan is touring across Europe with his album "OUTSIDER" and his VW Caddy camper full of guitars and camping equipment.

With his sympathetic character and his authentic songs, he touches and moves his audience. His love for music, nature and people can be felt in each of his songs.

On stage he is himself - authentic, vulnerable and brings his message from heart to heart. With his guitar, his harmonica collection, smooth voice and desire to share the songs given to him, he opens up a realm of dreamy landscapes. The listener travels, without realizing it, to distant places to hear what the troubadour saw and felt.

A concert with Stefan is more than just music and songs. It is an experience in which music and personal stories leave an unforgettable impression.
